ASAM Interactive Exam Preparation (IEP)
The IEP is designed to help prepare for certification/ recertification examination in an interactive and engaging format. This internet-based learning tool includes study material and competency test questions for the examinee. ASAM Review Course attendees receive access to the IEP before the course at no extra cost. Visit the ASAM website at www.asam.org for more information or to preorder if you will not be able to attend the ASAM Review Course.

Access to ASAM’s Review Course on the e-Live Learning Center
ASAM will provide audio capture of the entire live course with faculty presentations synchronized with the course slides. Audio capture is complimentary with registration to the live course in Nashville and will be available for purchase on the ASAM e-Live Learning Center 30 days after the live course.

Textbook
Principles of Addiction Medicine, 4th Edition
Principles of Addiction Medicine is the go-to textbook in the specialty field of addiction medicine. Clinicians, doctors, and researchers rely on this book to define the terminology of addiction and provide a comprehensive overview of the diagnosis and treatment of addictive disorders. Topics include scientific, evidence-based facts and perspectives on abuse programs, pain and addiction, co-occurring addiction, psychiatric and neuroscience disorders, psychiatry, neuroscience and neurobiology, pharmacologic advances, screening, the brief intervention, laboratory testing, and alcohol treatment.
Cost: $205.00 for the print publication (includes a fully searchable online version of the text and appendices).
To Order: Call 1-800-638-3030 or visit www.lww.com
Or the book is also available on Amazon’s Kindle for $161.54.
